

LONDON RUN FOR OVARIAN CANCER

SUNDAY | MAY 13 | 2018 | 9:00 am

SPRINGBANK GARDENS BANDSHELL

Online registration available at www.runforovariancancer.ca

OUR GOAL

London is a Canadian leader in ovarian cancer research in large part because of the money and interest raised from the London Run for Ovarian Cancer.

Your donation to this cause works directly to support the Translational Cancer Research team at London Health Sciences Centre. Performing relevant experiments has the potential to directly improve the survival of women with ovarian cancer or those at risk for getting this disease.

Ovarian cancer speaks a very complex language, but the more scientists are involved in interpreting it, the faster we'll translate our findings into early detection or new therapies for ovarian cancer.

Join us in the fight to save lives by participating in this year's London Run for Ovarian Cancer.
